

Special Needs Scholarship Program (SNSP) 2020-21 Student Application

Collection of this information is a requirement of Wis. Stat. §115.7915.

Instructions

SNSP administrators and SNSP designees should use this form to submit 2020-21 SNSP applications if:

- The application has been determined eligible by the SNSP administrator or SNSP designee, including receipt of the IEP/services plan from the LEA in response to the private school's IEP/services plan verification request, and
- The school has space available for the student.

The DPI strongly encourages that SNSP administrators and SNSP designees use a Student Application Checklist for every application to ensure it is eligible. The [Student Application and Transfer Request Processing](#) webpage includes this checklist and other resources for determining if applications are eligible.

Some items to consider as you complete this form are:

- Students on SNSP Waiting Lists: If a student is placed on the SNSP waiting list, the application should **not** be submitted until a scholarship becomes available and the student is offered the scholarship.
- Continuing Students at the School: The school should **not** use this form to submit information for students who applied to participate in the SNSP in a previous school year. Information on the requirements for continuing students at the school is available in the [Continuing & Transfer Student Eligibility Bulletin](#).
- Student Applications for 2019-20 or 2021-22 School Year: Applications for schools years other than the 2020-21 school year that haven't previously been submitted to the DPI must be submitted using the application form for that year. If you are not able to locate the link for the submission form for the correct year, email snsdp@dpi.wi.gov.
